

MISSION

The Potomac and Chesapeake Association for College Admission Counseling (PCACAC) is a non-profit, professional organization for those who work with students in the transition between high school and college. Founded in 1964, PCACAC exists to maintain high professional standards at both the secondary and college levels and to connect college admission officers, secondary school counselors, independent counselors, financial aid officers and educational organizations to discuss common professional concerns and to explore ways to empower students.

PCACAC is the regional affiliate of the National Association of College Admission Counseling (NACAC) serving Delaware, Maryland, Virginia, West Virginia and the District of Columbia.

The Human Relations Committee oversees the selection of the scholarship recipients. Most of these colleagues work with minority populations or students from disadvantaged backgrounds. They may be high school counselors, two- or four-year college admission professionals, independent counselors or individuals working in such programs as "I Have a Dream," "GEAR UP" and "Upward or College Bound."

Ann Powell Mentoring Program

The Ann S. Powell Memorial Mentoring Program is open to new college counseling professionals (defined as fewer than five years experience) from within the region served by PCACAC—Delaware, Maryland, Virginia, West Virginia and the District of Columbia. PCACAC developed this program to serve as an outreach to counselors and schools who may not know about PCACAC. The Ann Powell Mentoring Program is designed to enable participants to:

- Grow professionally by attending regional and national conferences devoted to college admission.
- Build professional relationships and develop a support network.
- Come to a deeper understanding of the college admission process.
- Help students navigate the college choice and application processes more effectively.
